

# Engineered Products by "Living Daylight"

Whatever your requirement, be it for access to a roof garden, the ability to open your roof when you choose, for "alfresco on demand", religious observance or astronomy, Livingdaylight products have a functional and attractive solution with well-engineered and proven designs to meet differing site requirements.

## Rooflights for ACCESS - A range of traditional or contemporary bespoke design options.

- ◆ **Sliding - Request Product Brochure RL02**  
Rooflight slides away from the aperture - with options for traditional or contemporary aesthetics.
- ◆ **Part Sliding - Request Product Brochure RL03**  
Opening section(s) slide over the fixed section(s) - staying within the aperture perimeter.
- ◆ **Hinged - Request Product Brochure RL04**  
A straightforward option for a 'straight approach' stairway to the roof area.
- ◆ **Hinged / Door Combination - Bespoke Design**  
Similar to the Hinged option, but with added height, allowing for a stair handrail if required.

## Rooflights for LIFESTYLE - A range of traditional or contemporary bespoke design options.

Choose and develop a design to integrate with your existing or new lifestyle area improvements - our experienced staff will be pleased to guide and assist you with making your choice. The products listed above: **Sliding, Part Sliding & Hinged**, can also be used as an aesthetic feature, for ventilation and / or unobstructed sky viewing. In addition to the aforementioned, other rooflights for non-access purposes are available:

- ◆ **Bi-Parting - Request Product Brochure RL05**  
Can either be the 2 central sections sliding over the fixed outside sections - staying within the aperture perimeter, or 2 Halves of the glazed roof sliding in opposite directions away from the aperture - giving a larger opening.
- ◆ **Fixed Rooflights / Lanterns with opening roof vents - Request Product Brochure DC01**  
Where you may not wish for the roof to open, but do require ventilation and fresh air when you choose. "Livingdaylight" have a wide range of design options for functional, high quality and attractive rooflights in either traditional or contemporary designs, incorporating one or more opening sections (roof vents), which can be manually, electrically or automatically operated.

## Rooflights for SUCCAH - Power for everyday use, and Kosher, hand operation for observance days.

With "Livingdaylight" glazed structures you can enjoy the advantages of an enhanced, light dining area, with a stylish glazed roof or rooflight, which will meet the needs of your Succah precisely.

- ◆ **Sliding for Succah - Product Brochure RL06**  
Either in a traditional or contemporary style, allows for electrical and manual operation.
- ◆ **Continental - Product Brochure RL07**  
Polycarbonate glazed 'conservatory' lean-to style rooflight, where two thirds of the rooflight retract beneath the top third.
